THORNTON DISTILLING

The rich history of our distillery dates back to 1857 when John Bielfeldt built the Bielfeldt Brewing Company on the scenic banks of Thorn Creek. Located next to the largest forest preserve in the region, our building is the oldest standing brewery in Illinois and one of the oldest in the US. The building once housed Al Capone's largest bootlegging facility during prohibition and has survived through fires, floods, a tornado, and even a government raid during Prohibition in the 1920s.

Thornton Distilling Company has now been restored to its former glory with modern amenities. The space offers an industrial-chic style that is both timeless and elegant. Standing as a testament to Chicago's enduring spirit, this venue is proud to share both its history and unique experience with all our guests.

There is plenty to both see and explore at Thornton Distilling Company. Light floods into nearly every room, illuminating the brick and steel structure with an ethereal glow. with original fixtures from 1857-1920's coupled with refined modern touches, our event space offers a timeless backdrop to the event of your dreams.
